

I Evan witaker would like to comment on how K-LOVE has served me for the years that I have been listening to this station. Because it is the only radio station that I ever listen to and if it was taken away I don't know what other radio station that I would turn to so that I could listen to all of my favorite songs. If K-LOVE was replaced with a LPFM broadcaster changing what we listen to on K-LOVE then I know most of my friends and family would be really upset because I know that the all listen to K-LOVE too. I think that K-love is in the public interest because I know that over half the town listens to K-love and I don't think that they would be the happiest people if their favorite radio station was taken away would you? thank you for reading this proposal and please consider what I said because I really don't think that you would want your favorite radio station taken away. sincerely Evan whitaker Madera,CA
